**Project Description:** Construction of one 576 square foot grated surface shared use boating facility as defined by SMC 25.02.010(13) and allowed under SMC 25.07.010. The dock facility is owned and shared by 6 residential lots within a common subdivision located east of East Lake Sammamish Parkway NE. The proposed dock is 4' in width, is 80' long, and includes three 2'x21' fingers and one 6'x21' ell. The proposal meets the City of Sammamish Shoreline Master Program (SMP) shared dock dimensional standards of SMC 25.07.050 and is supported by a shoreline planting mitigation plan. The boating facility is for owner use only and does not allow rented moorage.

**Decisions Included:**

- 1) **Shoreline Substantial Development Permit (SSDP)** Originally issued on October 11, 2016 and re-issued on November 23, 2016 to correct information on appeal process that SSDP appeals should be filed with the Washington State Shoreline Hearings Board subject to the requirements of RCW 90.58.180.
- 2) **SEPA Threshold Determination of Non-Significance (DNS)** Issued on October 11, 2016 with 21 day SEPA appeal period ending on November 1, 2016.

**Project Review:** The applicant (Tiffany Brown of Steve Burnstead Construction) applied for the above project on November 9, 2015; following a review to confirm that a complete application had been received, the City deemed the application complete for processing on December 7, 2015.
